

OCEAN BRIDGE DIRECT ACTION

Tales from the Deep Recordings

These awesome webinars feature members of the Ocean Wise research teams. We would highly recommend watching to learn more about their work!

Julie Merchel: Humpback Research That Will BLOW Your Mind!

<https://youtu.be/UCvNpODOyco>

Kaitlyn Yehle: The Scoop on Poop – what we can learn about whales from studying their scat

<https://youtu.be/IYTj3twGekw>

Dr. Jen Chapman: Ocean Watch Spotlight COVID-19 - Waves of Change

<https://youtu.be/G2d9X42E3l0>

Karina Dracott: Life with Porpoise – Insights into harbour porpoises in northern BC

https://youtu.be/dM_TDM-43I

Brittany Visona: The “Not So” Glamorous Life of a Marine Biologist

<https://youtu.be/6s8c63xOdrk>

Amanda Weltman: Reels for Rockfish – a collaborative approach to creating habitat

<https://youtu.be/qdHGmiRELM0>

Laura Borden: Biodiversity Monitoring – understanding the dynamics of a kelp ecosystem

<https://youtu.be/ABSRG2Eh6wM>

Rachel Nelson: A Sea Otter’s Life – from rescue to rehabilitation

<https://youtu.be/48lxp8kr9SM>

Dr. Martin Haulena: Development of an Anesthetic and Darting Protocol for Disentangling Sea Lions

<https://youtu.be/1n2Dvsdi-AU>

Dr. Lauren Dares: Dolphins in Distress – conservation of the Taiwanese white dolphin

<https://youtu.be/9huznrIOvus>

Matthew Watkins: Our Clothes and the Ocean

<https://youtu.be/u6XJgc8riGE>

Aaron Purdy: Flukes, Fins and Blows - Whale 101

<https://youtu.be/sxNIU4vyyVg>

Peter Ross: Plastic Pollution – an emerging crisis or a trifling inconvenience?

<https://youtu.be/UxedBnCKuAk>

OCEAN BRIDGE DIRECT ACTION

Rachel Chudnow and Isabella Sulpizio: Seafood Sustainability from Ocean to Plate

<https://youtu.be/T0z2qS1IKko>

Emily Anderson: Scientists on the Shoreline

<https://youtu.be/xpqMvHruCO4>

Eric Solomon: Keeping up with the Arctic – the race against rapid change

<https://youtu.be/B8k5lyn-RE>

Emily Anderson: Squashing Litterbugs and the Pursuit of Cleaner Communities

<https://youtu.be/Kr70v4WYBLc>

Andrea Cotter: Tails from the Tropics

<https://youtu.be/piuudES2e0E>

Sarah Wilson: Family Ties – getting to know the killer whales of BC

https://youtu.be/xlZz_l1w-9w

Dr. Valeria Vergara: Belugas – a sound centered species in today's noisy world

<https://youtu.be/KNTM6fUj2vo>

Caitlin Birdsall: Sea Turtles and Citizen Science

<https://youtu.be/WWiNsx--Eu8>

Dr. Lance Barrett-Lennard: The Mystery of the Declining Southern Resident Killer Whales

<https://youtu.be/OrLBe4YHeJg>

Fiona Beaty: Mapping Ocean Mysteries in Support of Conservation

<https://youtu.be/EIScSgLyV2Y>

Dr. Shreyas Patankar: Tracking an Invisible Ocean Threat – Microplastics

<https://youtu.be/BwnldFCwx5E>

Dr. Adam Warner: Ocean CSI – Tracking a Killer...Whale

<https://youtu.be/1vGHI12SFN4>

Dr. Aroha Miller: Healthy Oceans Begin at Home – a community conservation toolbox

<https://youtu.be/l6JbObZrz5l>

Jessica Schultz: Underwater Dinosaurs

<https://youtu.be/7LHA8hH2bDg>
